CZ 550

The CZ 550 offers a number of distinctive features, including a receiver drilled and tapped for Remington 700-style scope bases, a high comb walnut stock for scoped shooting, and a smooth, contoured barrel (no mechanical sights).

Caliber: .243, .308 (detachable box magazine)
.270, .30-06 (hinged floor plate magazine)
Capacity: 4 (.243, .308); 5 (.270, .30-06)
Overall Length: 1135 mm (44.69")
Barrel Length: 600 mm (23.62")
Weight: 3.3 kg (116.4 oz.)

CZ 537 FS

This full-stock version of the CZ 537 rifle is excellent for hunting or sport shooting.

Caliber: .30-06 (hinged floor plate magazine)
.308 Winchester (detachable box magazine)
Capacity: 4 (.308); 5 (.30-06)
Overall Length: 1055 mm (41.6")
Barrel Length: 520 mm (20.5")
Sight Radius: 380 mm (15.0")
Weight: 3.1 kg (109.3 oz.)

CZ 537

The versatile CZ 537 is designed for hunting and sport shooting. The stock is available in standard or luxury versions. The .243 and .308 calibers come with a detachable magazine which holds 4 cartridges; the other calibers come with a fixed magazine box which holds 5 cartridges.

Caliber: 7 x 57, .270 Winchester, .30-06 (hinged floor plate magazine)
.243 Winchester, .308 Winchester (detachable box magazine)
Capacity: 4 (.243, .308); 5 (7 x 57, .270, .30-06)
Overall Length: 1135 mm (44.69")
Barrel Length: 600 mm (23.62")
Sight Radius: 460 mm (18.19")
Weight: 3.3 kg (116.4 oz.)

CZ 527

The CZ 527 is a highly precise repeating rifle with a Mauser-type bolt action and an absolutely silent safety. Open sights and grooves accommodate a scope with custom ringmounts. The luxury sport stock has a cheekpiece to enhance accuracy.

Caliber: .22 Hornet, .222 Remington, .223 Remington
Magazine Box Capacity: 5
Overall Length: 1077 mm (42.4")
Barrel Length: 600 mm (23.62")
Sight Radius: 462 mm (18.19")
Weight: 2.8 kg (98.8 oz.)

ZKK 602

The exceptionally reliable ZKK 602 magnum action rifle is appropriate for hunting all kinds of game. Open sights and grooves accommodate a scope with custom ringmounts. Standard or MCUC stock is available. Single-stage trigger is standard.

Caliber: .375 H & H Mag., .458 Win. Mag.
Magazine Box Capacity: 4 rounds
Overall Length: 1150 mm (45.31")
Barrel Length: 635 mm (25.0")
Open Sight Radius: 495 mm (19.49")
Approximate Weight (with standard stock): 4.2 kg (148.15 oz.)

ZKM 452 Model 2E Deluxe

Designed for short-range hunting, the ZKM 452 is one of the best — and best-known — small-bore rifles in the world. It boasts exceptional reliability and almost unlimited service life. The open sights feature a tangent rear sight that adjusts in increments of 25 mm from 25 - 200 mm. The rear sight blade can also be adjusted for windage. The deluxe version has a checkered stock made of wood with exceptional grain and character. A standard version is also available.

Caliber: .22 LR, .22 WMR
Magazine Capacity: 5 (10-round magazine optional)
Overall Length: 1083 mm (42.64")
Barrel Length: 630 mm (24.82")
Sight Radius: 508 mm (20.02")
Weight: 3.0 kg (105.82 oz.)

CZ Rifle Features
All CZ rifles feature the famous Mauser 98-style controlled round feed actions, fine-grain steel barrels hammer-forged to precise tolerances, one-piece forged bolts, fully adjustable trigger mechanisms, and walnut stocks, many with hand-cut checkering. Magnum is proud to bring CZ rifles to the United States. In 1994, CZ designated Magnum Research its top importer in the world.

Extra Magazines
Additional magazines are available for several rifle models. Pictured are the 5-round and 10-round magazines for the ZKM 452 in .22 LR. Extra magazines are also available for the CZ 527, the ZKM 452 in .22 Win. Mag., and the CZ 537.

Custom Lever Ringmounts (CZ 537 & ZKK 600 Series)
Custom, Australian-built ringmounts from Tetra Industries fit the grooves on the indicated rifles and snap into place with levers. No scope mount is needed. Low, medium and high 1-inch rings are shown. All are matte black steel.

Custom Ringmounts (CZ 537 & ZKK 600 Series)

Custom, Australian-built ringmounts from Tetra Industries fit the grooves on the indicated rifles and screw into place. No scope mount is needed. Low, medium and high 1-inch rings are shown. Not pictured but also available: 30 mm ringmounts. All are matte black steel.

CZ Bear
Plush white CZ Bear bears a medal around his neck. He measures 10 inches tall.

The CZ Story

Ceska Zbrojovka, a.s., is located in Uhersky Brod, a small town tucked into the rolling, rustic hills of southern Moravia in the eastern part of the Czech Republic. Originally a supplier of small arms for the Czechoslovak military, the company eventually began manufacturing technologically advanced sporting and hunting firearms. Today, CZ firearms are respected around the world for their unique blend of old-world craftsmanship and engineering excellence.

CZ firearms were unavailable in the United States for many years. Magnum Research is proud to bring them to the American market.
